

Family and Staff Survey during Remote Learning

Dr. Leslie Scollins
May 6, 2020

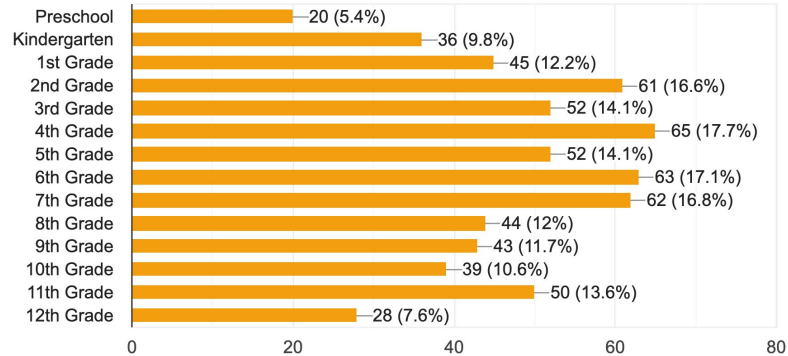

Purpose

- To solicit feedback from families and staff
- Look for trends and patterns
- Determine if other supports are needed

Family Survey Results (368 Responses)

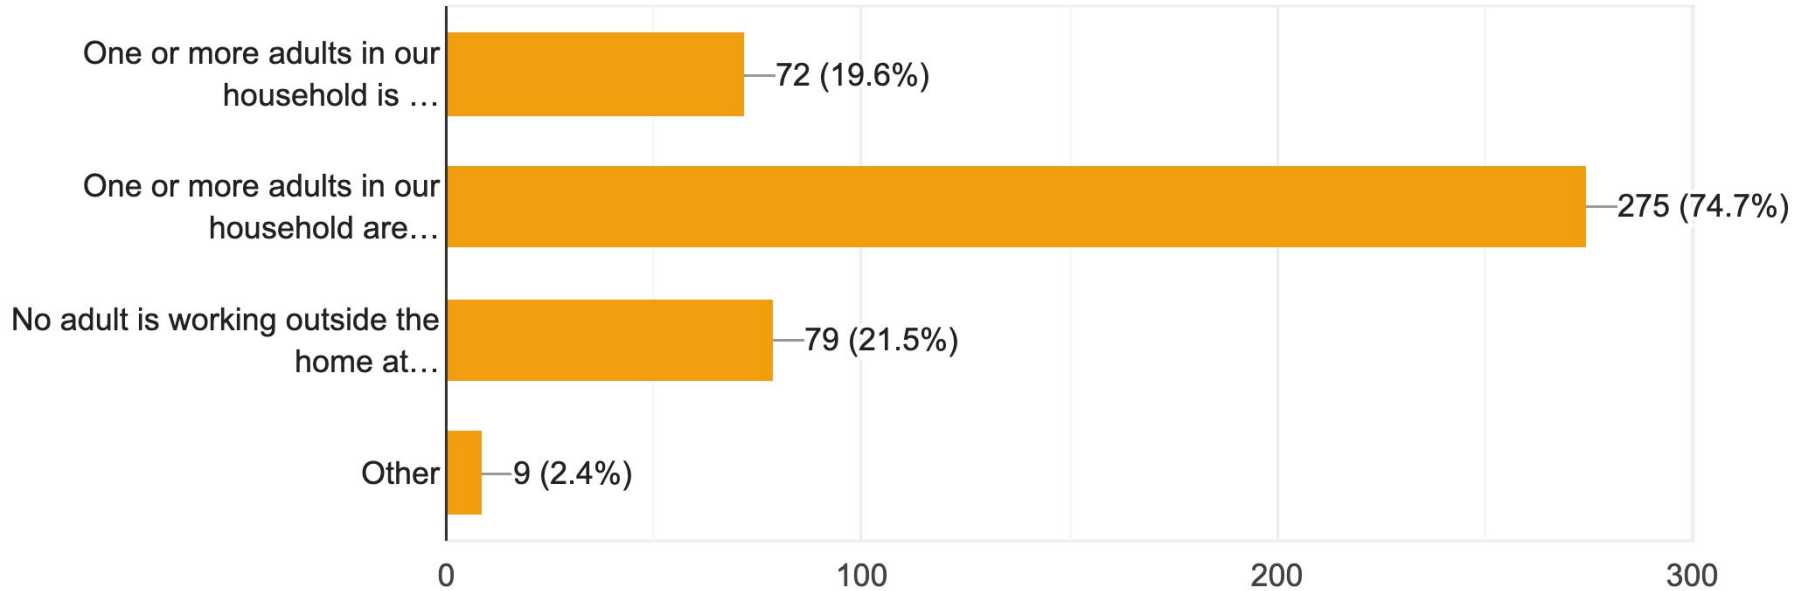

Even distribution of responses by grade

In what grade level is/are your student(s) enrolled? Check all that apply.
368 responses

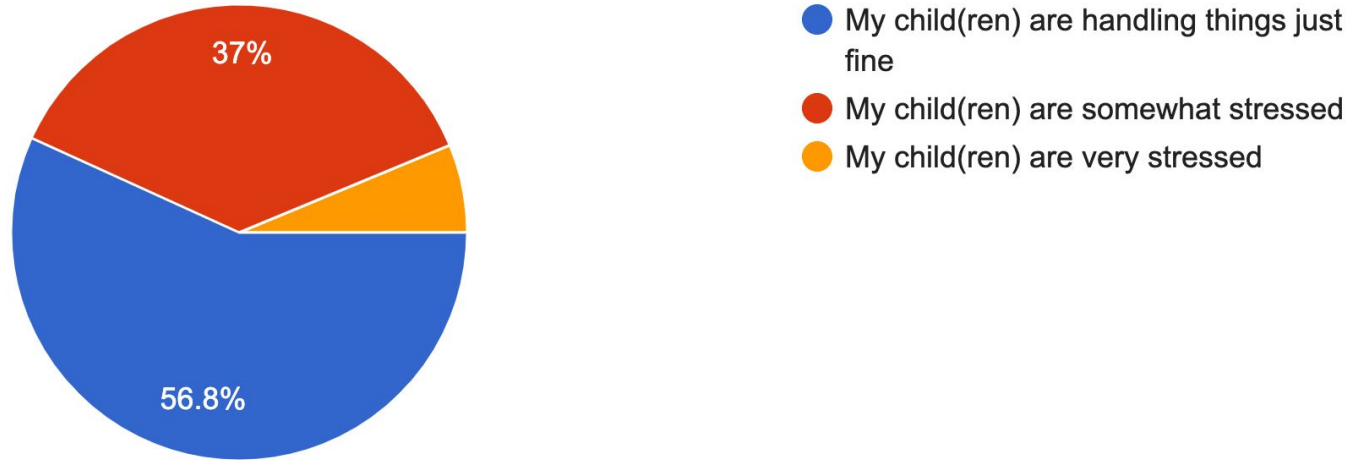

Please select the work situation that applies to your family. Check all that apply.

368 responses

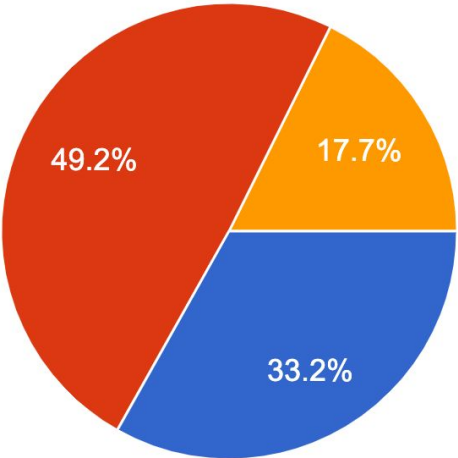

Please tell us how your student(s) is/are handling the academic workload in the remote learning environment. Note: If you have multiple children, an... experiences, please explain in the next question.

368 responses

How are you as parent(s)/guardian(s) dealing with supporting your child with their academic work?

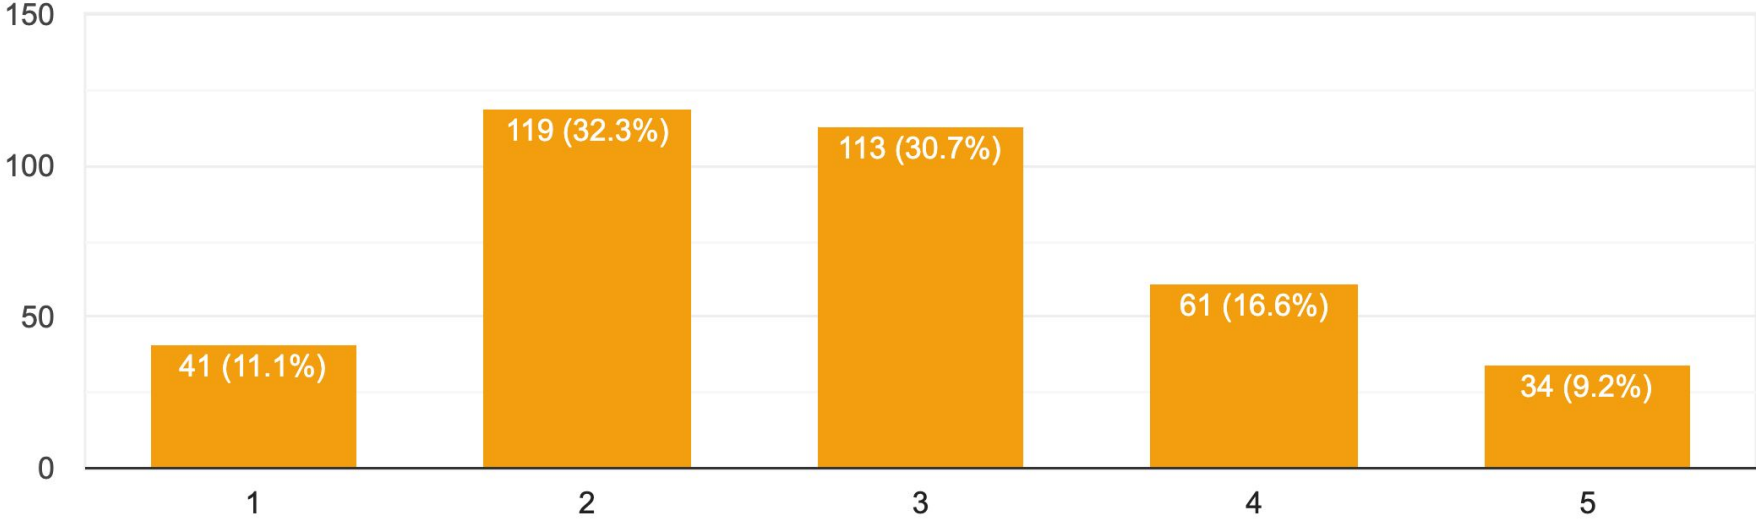

368 responses

- We've (I've) got this!
- It's been a little tough, but I am getting through
- I am overwhelmed and stressed out about helping my children learn at home

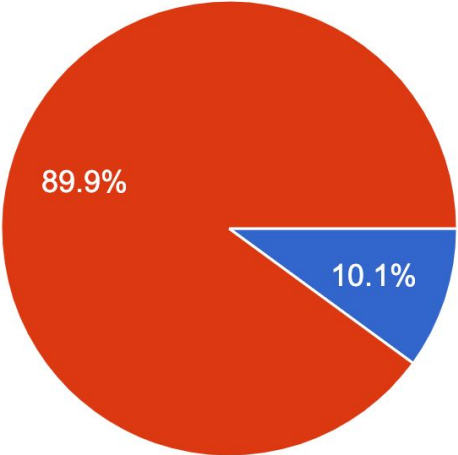

On average how many hours per day is/are your student(s) spending on schoolwork?

368 responses

It would be helpful if someone from my child's school (counselor, administrator, etc.) would contact me to answer some questions and/or provide me with some needed support.

368 responses

- Yes, please do
- No thank you, we are doing OK.

Staff Survey (137 Responses)

Staff report 80% of students are Fair to Very Good in responding to work

90% felt strongly or agreed that they are supported by the building leadership, 8% were neutral, 1% disagreed

88% felt strongly or agreed that they were being supported by the district, 9% neutral, 1% disagreed
