School-Google Account Help

Google & Chrome Together

Getting Started

How is logging into a Google account different from logging into Chrome browser ?

Google – users can log into a **Google Account** *from any device or* **browser** with internet access. This allows you to access your Google Drive, Google apps like Classroom, Docs, Sheets, and Slides

Chrome Browser

Chrome Browser - Allows the user to log into the *browser* which contains & syncs your **browsing history**, **bookmarks**, **apps** & **extensions**, along with your **Google Account** & files.

For **school Google** this means logging into the Chrome **browser** will sync **extensions** & **apps** made available by the school.

Let's Log into Chrome!

Browsers, devices & Google, Oh My!

If you are on an iOS device the Google apps your student may need installed on your device include Google Drive, Google Docs, Google Slides, Google Classroom, Google Sheets, etc.

If multiple users are logging into a iOS, please remember to <u>Logout of Google</u>-iOS device (iPad, iPhone)
